

Upper Moreland High School
Mathematics Department
Graphing Calculator Student Lending Agreement

I _____ understand that a graphing calculator is required for my _____ class. As I am unable to provide my own calculator, the Math department of UMHS will lend me a Texas Instrument Graphing Calculator to use for the remainder of the school year or for as long as I am in the class. Furthermore, I understand that in order to take the midterm and the final exam in my class, I must bring the TI-82, TI-83, or TI-84 for entrance into each of these exams. I agree to return the same calculator to my math teacher at the end of my final exam or on my last day in the class. If the calculator is lost, stolen, or damaged I understand that I am responsible for replacing the calculator with a like product or financing its replacement at a cost of \$120. I further understand that this calculator is now part of my student obligations and my failure to return or replace the calculator may result in a block on access to my records and transcripts.
